

Please consider joining or renewing a 2026 Membership for the Mesabi Humane Society

We would first like to thank everyone for their incredible generosity for continuing to support the shelter financially and through donations.

This year has been a tough year for the shelter with the rising vet expenses and the intake of animals, including owner relinquished, abandoned animals, and pregnant animals giving birth at the shelter. Your membership fees help us to provide vaccinations, spay and neuter surgeries, medical bills, emergency medical care, food and a safe and loving care facility for these animals until they are able to find their forever home.

Please help us by RENEWING your annual membership or BECOMING a new member
